## CITY OF BELLEVUE MUTI-PURPOSE TAX RETURN GENERAL INSTRUCTIONS

**GENERAL INFORMATION:** Every person, firm, association or corporation engaging in business activities in the City, unless otherwise exempted, is subject to taxation and must file a tax return under the appropriate tax classifications. The City of Bellevue administers two business & occupation taxes (gross receipts tax and square footage tax). In addition, the City administers taxes on admissions, gambling activities, and utility business and occupation activities.

Descriptions of the various tax classifications and allowable deductions are provided in Chapter 4 of the Bellevue City Code (BCC). In addition, the City provides additional information on our web site at www.bellevuewa.gov/tax.

**GROSS RECEIPTS B&O TAX:** The gross receipts B&O tax is measured on gross proceeds of sales or gross income for the reporting period. For purposes of the gross receipts tax, business activities are reported by classification.

**SQUARE FOOTAGE B&O TAX:** The square footage B&O tax is measured on the floor area of office space in Bellevue. It applies to businesses that maintain locations in Bellevue where all or a portion of the office activity does not generate revenue taxable under the gross receipts tax. Examples of businesses that pay the square footage tax includes headquarter offices, research & development offices and businesses that make out-of-city sales. Complete Schedule B to determine your taxable floor area if your business is located within Bellevue. Taxable floor area is reported on line 10 of the Multi-Purpose Tax Return.

**UTILITY & OTHER TAXES:** Following is a brief synopsis of other taxes that may apply to your business:

- Utility Taxes: This tax is similar to the gross receipts tax, but it is
  imposed on utility businesses. Businesses engaging in the following
  activities are subject to these taxes: telephone, cellular, gas, electric,
  water, sewerage, drainage, cable TV and garbage.
- Admission Tax: This tax is levied upon admission charges for entrance to an event or establishment. It is collected for the City by the business charging the admission, similar to the sales tax. The admission tax is computed on the admission price.
- Gambling Taxes: All persons licensed by the Washington State
  Gambling Commission to conduct gambling activities in the City
  are required to pay gambling taxes. Gambling activities include
  bingo games, raffles, amusement games, punchboards and pull-tabs.

**CALCULATING YOUR TAX LIABILITY:** If you claim a deduction, a Multiple Activities Tax Credit, and/or you apportion income that is taxable under the Service and Other gross receipts tax classification, you must include the appropriate schedule form with your return. If a required form is not provided, the deduction, credit, or apportioned amounts will be denied.

**SECTION 1:** If your business generates gross receipts, determine which tax classification(s) relate to your business activity (Column 1). Businesses conducting several types of activities may report in more than one tax classification.

- Column 2: Enter your gross receipts on the appropriate tax classification line.
- Column 3: Complete & submit Schedule D (Deduction Detail) with your return if you have any allowable deductions. Enter amounts of any deduction that you are entitled to for each tax classification.
- Column 4: Subtract the values entered in Column 3 from those entered in Column 2 and enter the result. Sub-total the Gross Receipts amounts and enter on Line 9.
- Column 6: If the gross receipts sub-total amount Line 9 in Column 4 is less than the exemption threshold level, enter "0" on Line 9 in Column 6. If the gross receipts sub-total amount is greater than the exemption level, multiply each line item in Column 4 by the tax rate listed in Column 5. Enter the results for each line in Column 6. Reconcile during the year: For example, if you are under a reporting period exemption threshold for this period but you are over the annual exception threshold then the tax is due. If you will be over the exemption threshold for the year, then you must pay the tax at this time.

**SECTION 2:** Complete Schedule B (Square Footage Tax Addendum) if your business is physically located in Bellevue. Refer to BCC 4.09.050(A) to determine how much of your location is taxable. Transfer the total as instructed to Section II.

- Column 4: Enter the total taxable square footage amount carried over from Schedule B to the Multi-Purpose Tax Return in Section II Column 4 "Taxable Square Feet".
- Column 6: If the amount in Column 4 is greater than the exemption level of 250 taxable square feet, multiply by the tax rate listed in Column 5. Enter the result in Column 6.

**SECTION 3 & 4:** Complete Section 3 & 4 if your business generates gross receipts on admissions, gambling and/ or utility activities. Refer to BCC 4.04, 4.10 and 4.14 for detailed descriptions of the various tax classifications and allowed deductions for certain business activities. Determine which tax classification(s) relate to your business activity. Businesses conducting several types of activities may report in more than one tax classification.

- Column 2: Enter your gross receipts under the appropriate tax classification.
- Column 3: Complete & submit Schedule D (Deduction Detail) with your return if you have any allowable deductions. Enter amounts of any deduction that you are entitled for each tax classification.
